

CHS of NJ Opens new Family Success Parent Child Center in Trenton's South Ward

With a little help from Floyd Morris, President of Children's Futures, Rev. Julio Guzman, Pastor of Living Hope Alliance Church and CHS of NJ Board Member, Maritza Raimundi-Petroski, Director of Family Support Services, Latino Outreach and Parenting Programs for The Children's Home Society of NJ, successfully cuts the ribbon marking the opening of the new Family Success Parent Child Center in the South Ward made possible by Children's Futures and the Department of Children and Families Division of Prevention and Community Partnerships. Joined by many families in the community, CHS of NJ celebrated with messages given by Floyd Morris as well as personal poignant testimonials from two families involved in the new program and center, a visit from the Cat in the Hat and Little Bo Peep, and a song from our CHS of NJ MAYA program children.

We welcome all to visit our new center.
