Activities for the month of August 2011

Ages and Stages Assessment -Free developmental, social and emotional screenings are available for children 6 months to 5 years old. Please call to make an appointment.

CUNA Prenatal Health Education and Support Group Program – A 12-session cycle for first time Latina pregnant women. Call Isaira at 695-6274, Ext. 142. Two of the sessions will incorporate the Nurturing Curriculum.

Fun with Books and Music – Is a 9 week parent-child interactive series that increases the parent's ability to read to their children while establishing a strong bond with their child. Parenting skills are also discussed. Call Liliana at Ext. 132 . This session is for children 3-6 years of age.

Housing with Garcia Realtors- Join us to receive priceless information about housing opportunities and to obtain information on how to buy a new house in today's housing market. To register please call center

Mother's Nursing Room – Fully equipped with 2 electric breast pumps, resource videos, changing table, etc. Call Silvia @ 695-6274, Ext. 170.

Mujeres, Amigas y Apoyo (MAYA) Mentoring Program – A mentoring and support group program for Latina women raising children. For information, call Silvia @ 695-6274, Ext. 170.

NJ Family Care Assistance – On site assistance for families needing health insurance for their children

Parent Advisory Committee –A group of parents who meet every month to provide advice and support for center-based activities including advocacy and community involvement. Call Maritza @ 695-6274, Ext. 160 to join or participate.

Parent Surveys – A parenting survey (administered on a voluntary basis) to parents who are interested in learning more about their personal parenting styles, discipline techniques, reading habits, etc. as a way to improve bonding connections with their children. Surveys are available in English and Spanish and are offered to families participating in center-based activities.

Pregnancy Tests – This service is offered Monday through Friday. Services are available in English and Spanish. Prenatal appointments are scheduled on site. Referrals, counselling and educational materials are also available.
