CHOOSING A FAMILY CHILD CARE PROVIDER

Saving Children's Lives and Building Healthy Families Since 1894

The mission of The Children's Home Society of NJ is to provide children and their families a range of services that empower them to achieve their fullest potential. We are child centered, family focused, community based and outcome oriented. Our services are inclusive, nondiscriminatory culturally sensitive and are provided professionally with integrity and compassion. Our services are confidential and most are free.

Family child care is care provided in a private residence to five or fewer children for a fee. Many parents prefer that their children be cared for in a small home-like setting. Family child care providers voluntarily register with the State of New Jersey through our agency. Provider homes are inspected and providers are screened, trained and monitored to ensure compliance with state regulations. All providers must have a substitute. The Children's Home Society of NJ maintains records of this data, and it is available for parental review by appointment. Please call 732-557-9633 x 103.

Finding a family child care provider that makes both you and your child happy may require a careful search. Choosing the right provider for your child is one of the most important decisions you will make as a parent.

This brochure gives some guidelines which may be helpful in your

decision-making process. CHS of NJ does not license, endorse or recommend any specific provider. It is the responsibility of the parent/guardian to select child care which best suits his/her needs.
