

Parent Leadership/ Advisory Group

We believe that the community and its families share responsibility for designing, operating and overseeing the center through the Advisory Group. Parents and caregivers are encouraged to join the Advisory Group to offer guidance and leadership.

Our Partners

The Ocean County Family Success Center works in special collaboration with Strengthening Families partners in Ocean County. Members are trained in the 9 Principals of Family Support. Our partners host Family Success Center programs and activities at their child care sites to provide increased access to our services for families throughout the county. Our partners and other community organizations are encouraged to co-locate their services at the Family Success Center site to increase access for families in need of support. For information about events at partner locations, contact us.

Funded By

In addition to funding from CHSofNJ and the NJ State Department of Children and Families, Division of Prevention & Community Partnerships, the Ocean County Family Success Center also receives funds and other support from corporations and individual donors.
