In 1989, CHSofNJ launched the Kids Intervention with Kids in School (KIKS) program within the Trenton Public School District. KIKS is a school-based youth development program utilizing peer leaders as positive role models for pre-adolescents. KIKS helps young people build confidence, communication skills, and appropriate decision making and conflict resolution skills. Students practice these skills throughout the school year to help themselves and their peers prevent high-risk behaviors.

KIKS students learn the value of civic engagement and the power of their own voice and actions. In the past three decades, we have seen thousands of our community’s children flourish. We are especially proud that KIKS has inspired young people to create so many different opportunities for themselves! By teaching students the skills needed to navigate our complicated world and helping them find confidence in themselves, KIKS empowers kids to reach for their dreams!

Quatiyyah Artis was introduced to CHSofNJ in 2009 when her 5th grade class participated in our Trenton Education Dance Institute (TEDI) program. She had such a great experience with TEDI that she joined our KIKS program and continued to build upon life skills she had learned through TEDI such as commitment, perseverance, confidence, pride in personal achievement and the importance of hard work. Quatiyyah has applied these skills throughout her life and is working toward a degree in Engineering! When she became pregnant, Quatiyyah enrolled in our Body & Soul program to learn ways to have a healthy pregnancy and how to care for a newborn. There, she met CHSofNJ’s Women’s Health Advocate and Body & Soul facilitator Shahera N. Hutchinson, who started on her own path to success in the KIKS Program in 1996 at Lawrence High School! As a KIKS peer mentor, Shahera discovered her passion for teaching and helping others, and went on to turn that passion into a career here at CHSofNJ. Both young women have used the lessons they learned in KIKS to grow into the exceptional women they are today, working hard to better our community and make a difference in people’s lives. Though their paths have been different, each has worked hard to achieve her personal dreams. And the same is true for so many of our KIKS graduates thanks to the values instilled in them by this important, life-changing program for our Trenton youth.

Quatiyyah has recently graduated from our Body & Soul program and has since given birth to a healthy baby girl. She plans to return to school in the fall, and thanks to the things she has learned through her participation in CHSofNJ programs, Quatiyyah is prepared to balance days filled with engaging lessons, insightful lectures, thoughtful assignments, tummy time, diaper changes, late nights, early mornings, and sweet baby smiles. Quatiyyah knows that it won’t be easy, but she is determined to succeed. And having seen the magic that happens when KIKS graduates apply themselves, we are confident Quatiyyah can do it all!
WELCOMING OUR NEWEST DIRECTORS

Robert Barry is a highly accomplished financial executive with more than 30 years of experience in finance, HR administration, operations, strategic planning, and performance measurement. Robert has more than 20 years of experience serving as Chief Financial Officer for other nonprofit organizations, and we are excited to have his expertise and proven commitment to children and families on our team. We welcome Robert as CHSofNJ’s Chief Financial Officer, where he will oversee the agency’s Fiscal, Human Resources, Facilities, and Information Technology departments. Robert will also work closely with our CEO and Board of Trustees in efficient and effective budget and strategic planning.

Ann B. Massa, MSN, RNC-MNN has served our communities’ babies, children, and families through a variety of nursing positions across New Jersey. Ann brings more than 20 years of successful leadership, clinical education, and nursing experience in Maternal Child Health and Neonatal/Pediatric Health environments. She has been named recipient of various honors and awards reflective of her knowledge, skills, and excellent standard of care, and we are excited to have Ann’s insight and expertise as we continue to grow our Maternal/Child Health & Community Support Services Division. We are proud to introduce Ann as CHSofNJ’s Second Vice President of Preventive and Family Outreach Services. In this important role, Ann will supervise our Maternal/Child Health & Community Support Division, including our Heritage North Family Success Center, Heritage South Family Success Center, and our Ocean County Family Success Center.

We are so grateful to welcome such accomplished professionals to our team, and we are looking forward to the outstanding results we will accomplish together for the at-risk babies, children, families, and caregivers we serve.

CHSofNJ WELCOMES OUR NEWEST TRUSTEES

Crystal R. Moore is a marketing leader with expertise in brand strategy, B2B marketing communications, program execution, and creative development. For more than 16 years, Crystal has held various marketing and leadership roles at Bloomberg, LP, where she helped build a high performing global marketing organization of 250 employees, and was responsible for the successful launch of Bloomberg’s largest out of home experiential marketing and branding initiative at London City Airport. Currently, Crystal is working as a freelance marketing and brand professional, but her passion for the arts and youth development has remained a constant in her life. A trained dancer and performer, Crystal served as an instructor and as the Associate Director for Pennington Dance for nearly 20 years. Additionally, she was a choreographer for Rider University musical productions, and continues to choreograph community theater programs today. Crystal was introduced to TEDI in 2008, and quickly fell in love with the program; she went on to teach tap to the TEDI Celebration team for 3 years, and was a key ambassador for introducing Bloomberg to TEDI. Post teaching, Crystal has continued to volunteer at TEDI events, and was also elected to our TEDI Board in 2016 as Vice President. We are so thrilled to now welcome Crystal to the CHSofNJ Board of Trustees, and we are excited to see where her knowledge, experience, and passion for teaching youth through the arts will take us!

Rev. Jose R. Rodriguez recognizes the importance of understanding a vision and strategizing to make it a reality. This is evident through Jose’s work to make a difference in the lives of those underserved in the Mercer County area, regardless of race, gender, or religion. Currently, Jose serves as Director of Education for Iglesia Pentecostal A/D, where he oversees several successful programs including Trenton Bible Institute, World Missions, Sunday School, Family Groups, and School of Theology. As a Licensed Minister with the Assemblies of God, Jose has also served as Volunteer Chaplain at the Albert C. Wagner Youth Correctional Facility for the past 18 years. Complementary to his passion for helping people, Jose is committed to helping improve communities through the rejuvenation of distressed properties; helping to beautify neighborhoods while helping others obtain the dream of home ownership. Jose has an Associate’s Degree in Humanities and Bachelor’s Degree in Liberal Arts with a concentration in English Literature, both from Rider University. Jose also holds a Master’s Degree in Religion from Liberty University, where he is a Ph.D. candidate in Elementary Education. We are thrilled to partner with him toward our shared mission of helping children and families achieve success!

Both Crystal and Jose have dedicated much of their lives to helping our communities and the people who live in them. Their expertise will help CHSofNJ reach exciting new heights, and we are so grateful they have accepted positions within our Board of Trustees.
PARTNERING WITH OUR GOVERNMENT REPRESENTATIVES

Senator Bob Menendez recently held a statewide community phone call to discuss the impact of the Children’s Health Insurance Program (CHIP) budget hearing. Many participants in this statewide telephone conference were health leaders from New Jersey’s hospitals and various health services. Our agency was invited to participate in the phone call, and the moving testimony of our Mercer County WIC Program Supervisor Francys Soto left a lasting impact on everyone involved in the call. Francys spoke candidly of the difficulties she faces as a working mother whose child requires chronic medical care, and the potential effects a budget cutback or elimination of CHIP would cause her family.

This is the second time the Senator’s staff has relied on CHSoNJ’s expertise to educate the public on key health points. Head Start Special Needs Manager Elaine Rodriguez and her daughter, who has complicated and chronic health issues, joined Senator Menendez at a press conference to speak about how their family would be hurt by the loss of CHIP. Elaine and her daughter, Leandra, were brave and articulate.

We are proud to be included in such important discussions with respected individuals and organizations who continuously work to better the lives of children and families in New Jersey.

KIDS HELPING KIDS

Nicole Carroll is a bright young woman who seems to do it all; currently pursuing a degree in Elementary Education, Nicole also works at a preschool and educational daycare center while still making the time to be an active Girl Scout! She is extraordinarily caring and dedicated to helping children succeed, and we are so excited to congratulate her on attaining the Girl Scouts’ highest achievement - the Girl Scout Gold Award!

Nicole understands the many benefits of reading in early childhood education and its lasting effects on a child’s ability to learn. So, to reach this prestigious Girl Scout honor, she designed a project to help ensure our at-risk children have access to books that can expand their vocabularies and expose them to exciting new ideas! Nicole placed donation boxes in schools throughout her community and created a flier to spread the word about her project. After two months, Nicole had collected more than 800 books from her Spotswood, NJ community and surrounding towns!

We are so proud of Nicole’s hard work, and so grateful for the hundreds of books she has collected for our children. Nicole has said, “This project made me realize that I can make a difference in someone’s life by just a small act of kindness.” We could not agree more, seeing every day how seemingly insignificant acts can make such meaningful differences in the lives of the babies, children, and families we serve throughout New Jersey and Eastern Pennsylvania.

SUPPORTING OUR PARTNER ORGANIZATIONS

We are grateful to partner with other organizations committed to improving the lives of children and families throughout our communities. Recently, some of our Trustees were excited to support Capital Health, our partner in many successful health initiatives for the greater Mercer County community, by attending their annual 2017 event.

(Standing, left to right): CHSoNJ President & CEO Donna C. Pressma, Chief Financial Officer Robert Barry, Chairman of the Board Timothy Ryan, and (seated left to right) Trustees Eva Alicea and Kati Chupa attend an event hosted by Capital Health. Not pictured: CHSoNJ Trustee & Vice President Cordelia Staton.
Carol Forer Belt, an arts advocate and leader in arts education, who fought her whole life to keep the arts alive in public schools, died at home on January 29, 2018, surrounded by her loving family. Carol started her career as an art teacher to local Trenton students when she was just a teen. She continued on to study at the Rhode Island School of Design (RISD) and got her first teaching job as an art teacher in the Trenton school system. Carol loved dance and the visual arts, and studied both while at RISD. She believed that training in the arts was a crucial part of education and that, without art, we are denying future generations access to creative thinking skills. Carol’s career highlights included creating an arts curriculum for the Trenton schools, where she ran the art department for the district, to serving as a Board member for the NJ State Council for the Arts, Young Audiences of NJ, Trenton Education Dance Institute, and The Children’s Home Society of New Jersey. Carol was awarded the prestigious Kennedy Center Honor for her work in keeping the arts alive in schools. Of her many achievements, Carol was most proud of her work in helping to establish and maintain the Trenton Educational Dance Institute, or TEDI, a program that supported dance and programming for thousands of Trenton public school students over the past 25 years. Daughter of the late Dr. Robert and Mildred Forer, she is survived by her husband, Barry. Barry and Carol were married for 53 years and had a loving, joyous marriage. Carol is also survived by two sons, David and Jonny Belt, and their wives, Antonia Belt and Polly Smail. She is also survived by her loving grandchildren, Stella, Natascha, Grady and Mazzy.

Through her unwavering commitment to CHSofNJ and the NDI based TEDI program, Carol has impacted the lives of thousands and thousands of Trenton students. We are forever indebted to this remarkable woman who cared so deeply and gave so much of herself to the children of our community. We will share her legacy more fully in our summer newsletter.

A SPECIAL HOLIDAY SURPRISE FROM NY JETS LINEBACKER DAVID BASS

This Christmas, the children and teens of our Heritage North Family Success Center and our 21st Century School-Based Program received an extra special gift; an evening with a professional football player! New York JETS linebacker David Bass reached out to our Marketing & Donor Coordinator Angie Giacolona to ask how he could help children in need this holiday season. And together, David and Angie came up with the idea to host a holiday party for some of Trenton’s at-risk youth. David had never thrown a party like this before, but he was excited to dive in and make it his own! He wanted to provide gifts for children at the party, so David called on his family and friends to help coordinate a donation event at the 40/40 Club in New York. There, they collected new electronics, clothing, sports equipment, games, and more for our children! David and his loved ones gifted our children and teens a wonderful dinner, fabulous presents, and an opportunity to spend quality time with this fantastic athlete, inspiring role model, and caring friend of CHSofNJ. We are so grateful to David and his partners for helping make a meaningful difference in the lives of some of our community’s most vulnerable children.

“FORE!” NJ & PA’S AT-RISK CHILDREN

Justin Girard (far right) of CHSoNJ accepts a $12,946 check from NAIFA-GP Golf Committee members (left to right) Tony Pettola (A.J. Pettola & Associates), Archie Foor (LMK Insurance), Brian Dobisch (Dobisch Associates), Paul Schaffer (CAPTRUST Financial Advisors), and Jerry Redington (Redington Financial) (Not pictured: Gary Armstrong (Gary Armstrong Insurance Agency). This generous gift represents funds raised at NAIFA-GP’s 28th Annual Charity Golf Outing in support of the life-saving programs CHSoNJ provides for at-risk children and families throughout New Jersey and Eastern Pennsylvania.
