Resilience

2012-2013 Annual Report

Our Mission

Saving Children's Lives and Building Healthy Families

RESILIENCE:

A Message from The Children's Home Society of New Jersey's President and the Board Chair

CHS of NJ is focusing on resiliency—for our children and families and for our staff. Consider a literary example that is relevant to CHS's history and the present, *The Secret Garden*, written by Frances Hodgson Burnett over 100 years ago. This story is of an orphaned little girl, Mary, who had spent most of her earliest years alone and very much neglected. Then when Mary was 10, both her parents died suddenly of cholera, and she was sent to live with a relative she did not even know. At this relative's house there was a young gardener who helped her see the possibilities of bringing to life her relative's neglected and nearly dead garden. The garden and her days of bringing it to its latent full beauty became a process of healing for her as well as for her perpetually sick cousin and her always sad uncle. At this new home, there was a caring chambermaid who befriended Mary and tried to cheer her up when she was despondent and frightened.

In 1991, "The Secret Garden" was adapted for a Broadway play. The chambermaid was given a song to encourage and uplift Mary when she was on the verge of "giving up." It is the words of the chambermaid's song "Hold On" (composed in 1991 by Marsha Norman) that musically inspired Mary and conveys the essence of resiliency.

*When you see the storm is coming,
See the lightning part the skies,
It's too late to run—
There's terror in your eyes!
What you do then is remember
This old thing you heard me say:
"It's the storm, not you,
That's bound to blow away..."
Hold on,
Hold on, the night will soon be by.
Hold on,
Until there's nothing left to try.
Child, hold on, There's angels on their way!
Hold on and hear them say,
"Child, oh child!"...
Hold on!*

Giving Mary hope, inspiring her passion to go on, to persevere, to control her negative thoughts, the chambermaid shares her strong positive vision of the future as she conveys her sincere caring for Mary. All of this is what we at CHS of NJ do in our work with our at risk children, their parents, their grandparents, and with the foster and adoptive parents we serve.

Our professionally trained staff has a passion to provide their services in such caring ways. They make decisions every day to do the best they can with the resources we can give to them.

Our hard working Board of Directors, our Auxiliary, our parent advisory boards, our 400 volunteers, all are passionately dedicated to the success of our mission, **"saving children's lives and building healthy families."**

What Happens When it Works?

- ♥ Our abused children do not give up hope for their future.
- ♥ Our TEDI students believe in themselves to be worthwhile and competent.
- ♥ Our babies find love and permanent caring families with our CHS of NJ adoptive parents.
- ♥ Our pregnant moms give birth to healthy babies, born without unnecessary premature births and lifetime disabilities.
- ♥ Our Early Head Start Home Based Program toddlers are prepared to enter preschool ready to be good learners.
- ♥ Our parents have more skills to bond with their babies and be good, capable parents.
- ♥ Our grandparents are able to raise their grandchildren to become successful adults.

In our Annual Report, please look at the statistics and look at outcomes. Listen to some of the parent testimony on our website.

CHS of NJ is becoming a trauma informed agency, committed to building

partnerships with other agencies and institutions and serving in culturally sensitive ways. CHS of NJ is all about building resiliency for our children and parents so that when we are no longer actively serving them, they can throughout their lives use these skills and ways to successfully cope to be all each of them wishes to be.

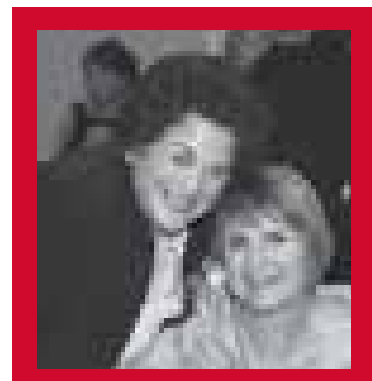

We do the same for our staff, as we believe only an agency that values, engages, trains, and nurtures its staff can in turn help their staff be successful in delivering their multi-disciplinary services. We also extend these teachings and practices to our Board of Directors, our Auxiliary, our Advisory Boards, and our volunteers.

In short, CHS of NJ is a resilient agency, which means we work hard on ongoing strategic planning for continuous reconstruction in an era of rapid and seismic change. We ask ourselves as an agency and in each service program, what worked and what did not work in the past year. We ask ourselves what current trends are impacting our programs. We look at metrics and need to do so even more with our new electronic record capacity. We ask our clients to give us feedback and help set their personal goals as well as goals for the programs from which they receive services.

Building an agency that recognizes the two critical goals of Resiliency and becoming Trauma Informed are the hallmarks of CHS of NJ and our future.

RESILIENCE: BRANDON'S STORY

Brandon will never forget the night his father died. He and his dad were sitting together on their front stoop with some neighbors when a fight broke out down the street and they heard gunshots. "Get inside!" his father shouted. As Brandon got up and scurried into the house, more shots rang out. Moments later his dad was dead, the victim of a random bullet

Brandon was seven at the time, and his parents had often spoken about moving to a safer neighborhood where Brandon and his little brother could play outdoors. But even with the overtime pay his father earned by working weekends, there was never enough money to do it. After his father died, however, the family had no choice but to leave. Without any savings to fall back on, Brandon's mom couldn't pay the rent and they were evicted.

Suddenly homeless and with two young children to care for, Brandon's mom turned to relatives and friends for support. Unfortunately, most of them were also struggling to survive. While they helped when they could, it wasn't long before Brandon and his family were sleeping in homeless shelters. That scared him the most. When his mom took him to school each morning Brandon never knew where they would be spending the night ... or with whom.

Brandon was ashamed his family was living in a shelter and didn't want anyone at school to know. But his teacher sensed something was wrong. Brandon had once been a good student, but he no longer showed any interest in learning. He seldom participated in class or did his homework. Moreover, he was now wearing the same clothes four or five days in a row and beginning to smell. When his classmates teased him about it, Brandon became so combative and unruly that his teacher finally asked for a consultation with our FACES staff.

That was the breakthrough Brandon's family needed. We met separately with Brandon, his teacher and his family, and once we understood the family's situation we were able to help. Through the resources of our Family Success Center we linked Brandon's mother to agencies that arranged for the family to receive food stamps and temporary housing. We also provided Brandon's mother with computer classes to give her a marketable skill (she had dropped out of school when she became pregnant and had never worked). Even more importantly, however, we gave them hope. Mother mastered her computer skills.

Brandon is a different boy today. Through intensive counseling, he's learned how to deal with the horror of his father's death and the effect it had on everyone in his family. Once again, he's doing well in school. And he's so proud of his mom! She's now working in the medical records office of the local hospital and earning enough for the family to have their own apartment. Once a program participant at our South Ward Family Success Center, Brandon's Mom is now a volunteer who reaches out to others in need of a helping hand. Although he still misses his father greatly, Brandon knows how pleased his dad would be to see how far they've come. When asked what he wants to do next, Brandon says with a smile, "Become a doctor. So I can help people, too!"

RESILIENCE: LINDSEY'S STORY

A smile so bright it illuminates an entire room. Perfect innocence. This is what you think when you see this seven year old playing with her doll. You would think that this child with golden hair had no worries or concerns.

But this is not Lindsey's reality. This beautiful child contracted a sexually transmitted disease by the time she was only three. Horrible, yes, but Lindsey has hope, thanks to The Children's Home Society of New Jersey.

We first met Lindsey shortly after her third birthday when she was removed from her home and brought to us for care. It had been discovered that she had been sexually abused on an ongoing basis. A medical examination revealed Lindsey had a fear of being touched. Further testing confirmed that while being sexually abused she had become infected with herpes. It was no surprise that she had become afraid of contact. Every visit to a doctor was a challenge. Every touch was scary and painful for this endearing little girl.

We were able to place Lindsey with a very loving foster family that understood her special needs. They understood her challenges and knew it would take time to build trust. CHS of NJ counselors worked with Lindsey and her foster family to address her fear of touch and reluctance to trust. There were also basic medical needs . . . taking care of outbreaks of her herpes disease. For a young child, this means soothing pain and providing comfort.

Once Lindsey had shown that she was able to trust and let truly caring adults help her, we began to search for an adoptive family. Lindsey needed parents who would not only love and care for her, but would also provide age-appropriate explanations as she grows older, to help her deal with the truth of her trauma as a toddler and would understand the challenges of becoming her forever loving family. As Lindsey continues to grow, this will mean answering questions and teaching her how to care for herself. CHS has counseling services that will be there for Lindsey's adoptive parents and for Lindsey as she grows older.

Our search for Lindsey's forever family was successful. Lindsey now enjoys hugs from her adoptive family. She loves to skate and to play with her brothers and sisters. She is curious about science and wants to be an astronaut.

When a little girl rises above a situation like this and holds onto a smile that lights up a room, hope is bright. We know that there is still a lot to do, and we will be there for Lindsey and her forever family as long as they need. We're glad that for little Lindsey, the sky is now the limit!

“Today I learned a very valuable lesson: Children are much more aware of what is going on in their heart and mind than you think. They see more than you show and hear more than you say. They can look in your eyes and tell you if you are sincere. They are both fragile, yet resilient at the same time. If you delve deep enough, you will hold the very essence of innocence in your hands.”

(Science, Technology, Electronics, Math) program Rhodia, Inc. conducted at the Dunn Middle School. Her bridge held a total 31 books before collapsing.

“Here’s the Scoop,” TEDI’s Event of the Year at the Hedgepeth/Williams Elementary School in Trenton, “rocked the house” with tribute to music legends.

KIKS peer leaders engage in a community service project -- preparing bag lunches to be distributed at the Salvation Army’s Trenton homeless shelter.

Fast Fact: In New Jersey, 28% (421,824) of K-12 youth are responsible for taking care of themselves after school. Of all New Jersey children not currently enrolled in afterschool programs, 35% (444,995) would be likely to participate IF an afterschool program were available in their community. – Afterschool Alliance

STATEMENT OF OPERATING REVENUES AND EXPENDITURES

JUNE 1, 2012 TO MAY 31, 2013

The operating budget of The Children's Home Society of New Jersey relies on funding from federal, state, and county government grants and private contributions, with a major portion of the budget coming from a collaborative partnership with several New Jersey state agencies. Although the funds we receive from these government grants are critical, unrestricted private dollars acquired through additional fundraising efforts are necessary to supplement most grants in order to provide the level of quality and the intensity of social services that are imperative to achieve outcomes that **save children's lives and build healthy families**.

RESILIENCE: WAYS YOU CAN HELP OUR CHILDREN

Voluntary contributions provide the funding needed to maintain a wide variety of programs and services that are saving and changing the lives of at-risk infants and young children living in New Jersey and Eastern Pennsylvania. Through your gift today, large or small, you will help to ensure the availability of these important services in the future and make it possible for another child to benefit from them. Please visit us on the internet at www.chsofnj.org or contact us at 609-695-6274 ext. 161 to make a donation or to learn more about these many ways to give.

INDIVIDUAL GIFTS

We appreciate and acknowledge every contribution, regardless of size. Voluntary donations help fund adoptions, infant foster care and other services that save and change children's lives. Donating is easy by phone, mail or online.

CORPORATE AND FOUNDATION GIVING

We are grateful for our many corporate sponsors and foundation friends who support our programs and special events. Fun with Books & Music, KIKS and CUNA are just a few of the important programs they make possible. If your employer is interested in becoming a corporate donor or learning about our volunteer opportunities, please let us know.

GIFTS OF STOCK

If you wish to donate appreciated securities, you can do so by contacting our funds development office to initiate the transfer. Benefits to you include the avoidance of any capital gains tax, a tax deduction for the value of the stock, and the knowledge that many children will benefit through the services you helped fund.

UNITED WAY DESIGNATIONS

You can designate CHS of NJ as the recipient of your United Way contribution by using the donor choice option.

MAJOR GIFTS

Through a restricted gift of \$10,000 or more from your company, foundation or private account you could initiate, maintain or expand a specific program. Your unrestricted gift would allow us the flexibility to direct your dollars to programs in greatest need or to purchase necessary equipment.

GIFTS OF REMEMBRANCE

A remembrance gift to CHS of NJ is a thoughtful and meaningful way to make a true difference in the life of a child while celebrating the life or accomplishments of a loved one or friend. We will send an acknowledgement card to you and an announcement card to the individual or family of the person in whose name the gift was made.

HOST AN EVENT

If you or your organization would like to host a special fundraiser to benefit our children, please call and tell us. We will gladly send you the information and materials you will need. Please contact us by phone or through our website for ideas and details.

INDIVIDUAL DONOR EVENTS AND CELEBRATIONS

Having a birthday, anniversary or wedding celebration? Multiply the joy of your special day by asking guests to bring a donation of diapers or other baby items for our children in lieu of a personal present. We will thank every one of your family and friends making a donation that honors you, and you'll have the pleasure of knowing you've made a difference in the lives of our children.

CHS OF NJ SPECIAL EVENTS

Attending and participating in a special event is a way you can support programs that are saving and changing children's lives. You are welcome to attend any of the events we hold during the year. Check our website for the dates and places!

INKIND AND CAR DONATIONS

We welcome your donations of new clothing, new toys and gifts, school supplies, books (especially multicultural and bilingual), gift cards (to Walmart, Target, grocery and other stores), cleaning products, any hygiene products for babies, children and youth, and baby shower necessities to give our babies a good start in life. We also accept donations of cars (running or not). Visit our website or call us for a list of our current needs.

MATCHING GIFTS

Many companies actively support their employees' charitable giving and will match or even triple their gifts. Ask your employer for a matching gift form, complete it and submit it as instructed. You will increase the value of your gift and help twice as many at-risk children.

PLANNED GIVING

A simple bequest in a will, a trust, a paid-up life insurance policy – these are just some of the ways you can make a significant gift to CHS of NJ while reducing your own capital gains, gift and estate taxes and providing a lifetime income for yourself or those you love.

You can reach us through our website at www.chsofnj.org or by phone at 609-695-6274 ext. 161. Please mail donations to The Children's Home Society of New Jersey, 635 South Clinton Avenue, Trenton, NJ 08611.
